uncovered is an oral history of the stories behind the most ground breaking and controversial magazine covers ever published as told by the people who created them compiled by industry veteran ian birch uncovered gathers together the insights of the magazine world s most important figures including high profile editors creative directors photographers artists and cover stars featuring compelling and shocking covers from vogue life esquire the new yorker i d the face private eye time rolling stone and many more covering issues as varied as the civil rights movement and vietnam war to the trump presidency and brexit debate this is a unique social document celebrating and chronicling the art of magazine design

they made you look they made you think they made you care now in uncovered the editors photographers designers and muses behind 100 of the most iconic magazine covers reveal the discussions and decisions that led them to publish and be damned the media both reflects and shapes society and today more than ever we are aware of the potential for the cover of a magazine to create ripples across the world particularly with the advent of social media in this book the former editorial director of hearst magazines in the uk ian birch takes a chronological look at the most impactful covers and speaks to the people behind them to get the inside take on how they came to fruition featuring interviews with photographers their subjects art directors editors and designers involved in creating these ground breaking covers including exclusive interviews with tina brown jann wenner ian hislop and caitlyn jenner on her now iconic vanity fair cover uncovered is an exciting look at how creative minds come together to create revolutionary covers

showcasing a vast range of titles from fashion to reportage and high end design to counter cultural fanzines this collection offers an insight not only into the work of the most influential art directors publishers and designers of the last century but into the way that we perceive and represent ourselves and the culture in which we live our interests concerns and aspirations

a carefully selected presentation of more than 500 of the world s great magazine covers this book is the first international survey of an expressive medium that has contributed an important esthetic legacy to our culture

a groundbreaking look at avant garde art and literature in the wake of the mexican revolution illustrating mexico city s importance as a major center for the development of modernism provided by publisher

editorial design presents designers with everything they need to know to create their own layouts connecting editorial design history with current practice to enlighten and inspire the beginner as well as the more experienced designer the third edition has been updated to reflect the latest developments in visual journalism with over one hundred new images showcasing the very best in contemporary editorial design new chapters have been added dedicated to independent magazines and the seamless integration of print with digital this generously illustrated revised edition includes case studies practical exercises and tips along with updated profiles of leading designers in the field who share their expertise and offer invaluable advice the book design has been refreshed in a larger format for easy legibility of images captions and text

since the magazine s first issue in 1964 teenset s role in popular music journalism has been overlooked and underappreciated teen fan magazines often written by women and assumed to be read only by young girls have been misconstrued by scholars and journalists to lack seriousness in their coverage of popular music teenset teen fan magazines and rock journalism don t let the name fool you disputes the prevailing conception that teen fan magazines are insignificant and elevates the publications to their proper place in popular music history analyzing teenset across its five year publication span allison bumsted shows that the magazine is an important artifact of 1960s american popular culture through its critical commentary and iconic rock photography teenset engaged not only with musical genres and scenes but also broader social issues such as politics race and gender these countercultural discourses have been widely overlooked due to a generalization of teen fan magazines which have wrongly presumed the magazine to be antithetical to rock music and as unimportant to broader american culture at the time bumsted also examines the leadership of editor judith sims and female teenset staff writers such as carol gold by offering a counternarrative to leading male oriented narratives in music journalism she challenges current

discourses that have marginalized women in popular music history ultimately the book illustrates that teenset and teen fan magazines were meaningful not only to readers but also to the broader development of the popular music press and 1960s cultural commentary

this is the first book to explore the global influence of maoism on modern and contemporary art featuring eighteen original essays written by established and emerging scholars from around the world and illustrated with fascinating images not widely known in the west the volume demonstrates the significance of visuality in understanding the protean nature of this powerful worldwide revolutionary movement contributions address regions as diverse as singapore madrid lima and maputo moving beyond stereotypes and misconceptions of mao zedong thought s influence on art to deliver a survey of the social and political contexts of this international phenomenon at the same time the book attends to the similarities and differences between each case study it demonstrates that the chameleonic appearances of global maoism deserve a more prominent place in the art history of both the twentieth and twenty first centuries

picturing cuba explores the evolution of cuban visual art and its links to cubanía or cuban cultural identity featuring artwork from the spanish colonial republican and postrevolutionary periods of cuban history as well as the contemporary diaspora these richly illustrated essays trace the creation of cuban art through shifting political social and cultural circumstances contributors examine colonial era lithographs of cuba s landscape architecture people and customs that portrayed the island as an exotic tropical location they show how the avant garde painters of the vanguardia or havana school wrestled with the significance of the island s african and indigenous roots and they also highlight subversive photography that depicts the harsh realities of life after the cuban revolution they explore art created by the first generation of postrevolutionary exiles which reflects a new identity lo cubanoamericano cuban americanness and expresses the sense of displacement experienced by cubans who resettled in another country a concluding chapter evaluates contemporary attitudes toward

collecting and exhibiting post revolutionary cuban art in the united states encompassing works by cubans on the island in exile and born in america this volume delves into defining moments in cuban art across three centuries offering a kaleidoscopic view of the island s people culture and history contributors anelys alvarez lynnette m f bosch maría a cabrera arús iliana cepero ramón cernuda emilio cueto carol damian victor deupi jorge duany alison fraunhar andrea o reilly herrera jean françois lejeune abigail mcewen ricardo pau llosa e carmen ramos

the years 1760 to 1789 mark the political birth of the united states simultaneously an emancipation of american scientific endeavor from the influence of england and europe was taking place this is especially evident in the area of natural sciences the growing frontiers and population of america opened up vast areas to scientific scrutiny this extensive bibliography commemorates the scholarship that was published in many forms by and about revolutionary american science from 1760 through the twentieth century part one of katalin harkanyi s work provides an overview of the natural sciences in the revolutionary era comprehensive and general sources are listed in the fields of natural history botany zoology agriculture and geology natural philosophy mathematics chemistry astronomy surveying engineering and architecture and medicine dentistry pharmacology and veterinary medicine included are journals documents biographies bibliographies histories orations and even travel journals and diaries which create a framework for the study of revolutionary american science the second part of this bibliography is devoted to the scientists themselves the men and women who wrote partial or specific scientific studies this section of the book shows that these early americans were capable of remarkable investigations into the natural world rivaling their european contemporaries here are listed the scientists their extant monographic works and studies written about them from their age into the twentieth century appendices include scientific firsts and special achievements of revolutionary americans and a list of scientists arranged by discipline this book will be a useful guide for historians and scientists as well as inquiring general readers who want to know more about the early growth of american science
