in the past two decades several millions of it enabled services jobs have been relocated or offshored from the us and europe to in particular low cost economies around the world most of these jobs so far have landed in south and south east asia with india and the philippines receiving the bulk of them this has caused profound changes in the international division of labour and has had correspondingly wide social and economic effects this book examines how this next wave in globalization affects people and places in south and south east asia it brings together twelve case studies from india the philippines china hong kong and thailand and explores how and for whom services offshoring creates opportunities triggers local economic transformations and produces challenges this book in addition compares how different countries take part in this second global shift investigates service sector driven economic development from a historical perspective and engages with the question whether and to what extent services offer a new promising avenue of sustained economic growth for developing countries it argues that service led development in developing countries is not easy for all the workers involved or a guaranteed path to sustained economic development and prosperity this volume stands out from other books in the field in its

exploration of the social and economic outcomes in the cities and countries where services have been located based on cutting edge empirical research and original data the volume offers a state of the art contribution to this growing debate the book provides valuable insights for students scholars and professionals interested in services offshoring socio economic development and contemporary transformations in south and south east asia

this book examines the ability of citizens across ten european countries to exercise their democratic rights to access their personal data it presents a socio legal research project with the researchers acting as citizens or data subjects and using ethnographic data collection methods the research presented here evidences a myriad of strategies and discourses employed by a range of public and private sector organizations as they obstruct and restrict citizens attempts to exercise their informational rights the book also provides an up to date legal analysis of legal frameworks across europe concerning access rights and makes several policy recommendations in the area of informational rights it provides a unique and unparalleled study of the law in action which uncovered the obstacles that citizens encounter if they try to find out what personal data public and private sector organisations collect and store about them how they process it and with whom they share it these are simple questions to ask and the right to do so is enshrined in law but getting answers to these questions was met by a raft of strategies which effectively denied citizens their rights the book documents in rich ethnographic detail the manner in which these discourses of denial played out in the ten countries involved and explores in depth the implications for policy and regulatory reform

one of today s most pressing issues in criminology and crime prevention is the problem of crime in our cities and towns and its prevention the topic of crime prevention in the urban community was discussed at the 47th international course of the international society for criminology isc held at chuo university tokyo it was the very first time such an isc meeting was held in asia and this meant that finally a relatively large number of japanese and other asian participants were able to express their views on criminal policy and crime prevention in urban centres all over the world crime in urban communities is not an exclusively western phenomenon but it is also a considerable problem in other parts of the world this makes an interchange of ideas between western eastern and third world criminologists particularly important general characteristics of the urban communities that suffer from a high crime rate are ethnic and racial tensions a mix of old housing areas and new business districts a prevailing sense of anonymity slums and juvenile delinquency the existence of these general characteristics besides mutual differences makes cooperation in the crime prevention sphere definitely worth the effort

during the second world war gibraltar faced the threat of invasion by italy germany and spain the abwehr the german intelligence service rather than use their own saboteurs paid young spanish men to undertake over sixty sabotage attacks on military installations and shipping with limited success the italian decima flotilla mas a specialist team of underwater frogmen launched eight attacks which were relatively successful and spanish falangists made several unsuccessful attempts the british secret intelligence service endeavoured to stop or at least limit such attacks using contemporary files from the national archives in kew autobiographies biographies histories and newspaper articles this documentary history investigates the successes and failures of these attacks on gibraltar and the roles played by intelligence officers agents double agents in discovering and preventing such acts the book sheds light on an unusual and largely overlooked

aspect of gibraltar s history
